Anita Saycell
librarians@aber.ac.uk
November 2023

By the end of this session, you will know…

- Different ways to insert citations into your work
- How to save items in Primo
- How to find peer reviewed journal articles using Primo
- How to find referencing examples for your Department

What does the term ‘referencing’ mean to you?

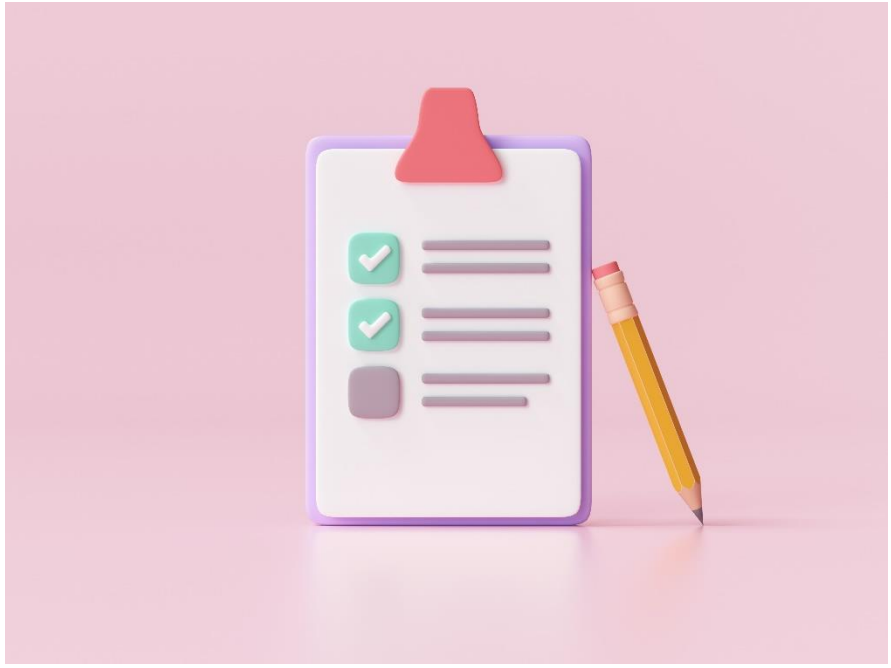
What could be the consequences if you don’t reference other people’s work in your own assignments?

Top Tips on how to avoid plagiarism

•Acknowledge another person's work using the referencing style for your Department.

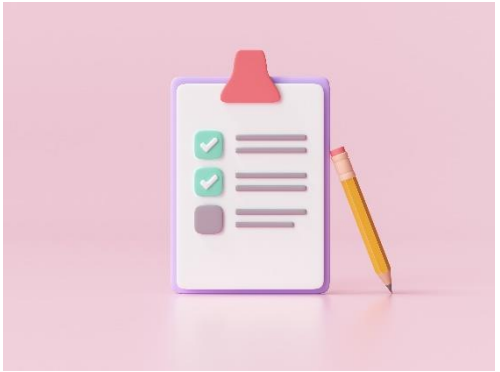
•Use citations in the main body of your assignment.

•List all the sources you have used in a reference list at the end of your assignment.



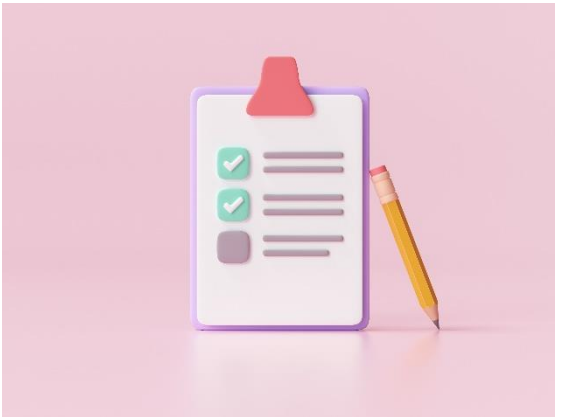
Top Tips on how to avoid plagiarism

- Acknowledge another person's work using the referencing style for your Department.



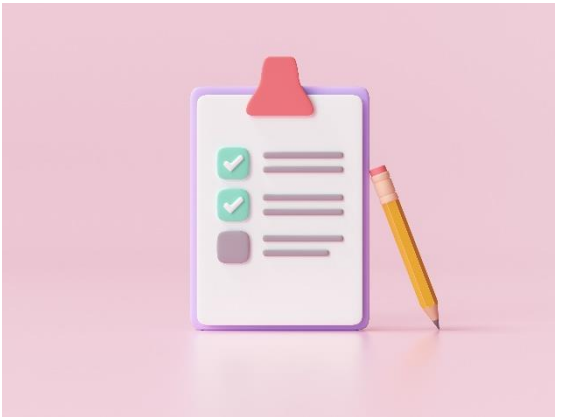
Top Tips on how to avoid plagiarism

- Use citations in the main body of your assignment.



Top Tips on how to avoid plagiarism

•List all the sources you have used in a reference list at the end of your assignment.



Top 5 Tips to successful referencing

1. Find sources that help to support your assignment.

2. Save a list of all the sources used as you find them

3. Cite your references in your essay.

4. Format your references to the correct style and be consistent and accurate.

5. Ask for help librarians@aber.ac.uk
